MARINA AND GOLF RESORT

NEWSLETTER

**The store and deli are open
Daily 9am to 8pm.**

The **Fourth of July is this week...** the weather is going to be great! Not too often do we get to say that, so we hope you are planning on being here for the weekend.

The **stray current and galvanic corrosion seminar with Dick Troberg on Saturday, June 20th** was great. If you are interested in Dick's electric seminar for proper boat wiring, let Don know. We could schedule that sometime in the fall.

It is required for all owners to give a **key or access code** to their boat for emergency purposes. If you do not wish to furnish access to the marina, please let Diane know and she will send you a release form. If you have questions why we would need access to your boat please contact Diane.

Coast Guard Auxiliary Safety Boat Check Schedule your boat for a safety check with Dick Moore (E-11) at 796-4185.

Reminder: It is a **requirement** that all boat owners call or email the store to **authorize vendors to work on your boat.** The vendor must check in with the marina store **prior** to going on the dock.

Hood Canal Bridge Project—WSDOT has replaced the east-half of the Hood Canal Bridge and the transition trusses on both ends. **The new clearance information according to DOT measured at mean low water, zero tide, is 30' on the West span and 50' at the East span.**

If there is **any accident** on Pleasant Harbor Marina property, please contact marina personnel for assistance, we have trained first responders on the property: Lisa, Casey, Stacey, Mike, Samantha, Don and Diane who can assist with any accident. If you need **assistance after hours for any reason**, there is a hand held radio at the store entrance hanging on the wall to call night security at any time. If you have a family radio on your boat and want to program to be able to talk to security at any time from your boat, see Don or Mike to help program your radio to our frequency.

The RV Park / Black Point property is closed, please do not enter the property. The old beach access is no longer accessible to the public. There will be consultants and contractors working there periodically, **for safety and security do not enter the property.**

We do NOT have ethanol in our gasoline and will NOT until further notice. Our fuel vendor is working with state agencies to get marinas exempted from this law and will keep it out of our marina as long as possible.

Crabbing season starts **July 29th**, Wednesdays through Saturdays only, plus the entire Labor Day weekend on the Hood Canal this year to help prevent the harvesting of mating female crabs. The season will remain open through Jan 2, 2010. The entire WDFW News release is posted in the marina store.

While visiting the marina store, there is a **dog tie up area** located to the left of the freezers on the porch left of the store entrance. Please be considerate of other people trying to walk into the store and accessing the freezers.

The pool/hot tub gate MUST BE KEPT CLOSED at ALL times. DO NOT block the gate open! This is a safety issue and a state law to keep children safe. Anyone seen blocking the door open will be re-

minded, if seen again they will be asked to leave the pool area. Children under the age of 16 must be accompanied by an adult family member and tenant of the marina while in the pool/hot tub area at all times.

We are creating a vendor list of services available for boaters, but need your recommendations to add to this list. Please let us know of RECOMMENDED vendors and what their services are.

Welcome to our new boaters...

Please say "Hi" to our new boaters when you see them...

Community & Family Events...

John Christensen, liveaboard on D14, had a stroke on June 7th. He was at Jefferson Hospital for a few days and then transferred to Martha & Mary Rehabilitation in Poulsbo for physical and occupational therapy with great success. He was discharged on June 24th and will be staying at Don Avery's house for the present while he continues his physical therapy treatments. Time is of the essence in cases like this. Flick would like everyone to be familiar with the early signs of stroke and report any concerns to 911.

Flick would like to thank everyone at the marina, residents and staff alike for their offers of help, concern and good wishes. John is doing really well and we hope to see him home on the boat soon.

Send me an email if there is anything you would like to share in the next newsletter.

Fuel Dock/Chandlery building open for business

The fuel building is now open for business, let us know of suggestions to carry for your boating needs. We have some boating items, charts, ice cream, ice, candy, and pop available there so next time you get fuel or pump out check it out.

Down Time has Espresso available at the fuel dock when Sam or Mike are on duty!

Advisory Committee Meeting

Scheduled for the first Monday of each month 9:30am to 10:30am PST. The Advisory Committee consists of two representatives of the long-term slip holders selected by the long-term license holders, two members of the Yacht Club other than the long-term license members elected by the long-term slip holders, and one member at large appointed by Pleasant Harbor Marina, LLC from the remainder of the moorage customers (collectively the "non employee members of the committee"), the senior maintenance official, the Marina Manager and representative of the Pleasant Harbor Marina, LLC (8 members total) to discuss level of maintenance, needed repairs, and desired upgrades. Each member may appoint an alternate to attend if they cannot make a meeting. The Advisory Committee will also be advised of plans for changes and provide input during any transition on needs of the marina to facilitate continued use during construction.

If there are **comments to be addressed to the committee** at the next meeting, talk with Diane. She will either add it to the agenda or will contact the appropriate member to get in touch with you.

The **members of the committee** are: Phil Smith and Greg Tyler (slip holders), Dale Johnson and Larry Roberts (PHYC), Ron Green (member at large), Diane Coleman (Marina Manager), Don Coleman (Maintenance Supervisor), and Garth Mann (President / CEO).
